

U.S. EPA Tribal Science Priorities Process Webinar

The National EPA-Tribal Science Council will host two Webinars on the Tribal Science Priorities Process on March 9 and 10, 2011. The purpose of these Webinars is to introduce the Tribes to the new process for identifying Tribal Science Priorities in Indian country and assist with the completion and submission of the Tribal Science Priorities template. Each Webinar will be 90 minutes long. The first 30 minutes will be spent discussing the process, the timeline, ranking and selection of priorities, and how to complete and submit the electronic template. The remaining 60 minutes will be reserved for questions and answers from our Tribal partners and stakeholders.

Wednesday, March 9, 2011, 11:00 a.m.–12:30 p.m. EST
